STILL AFTER DEWET.

Kitchener Leaves London Officials More Hopeful.

RESULT IS AWAITED

From Reports the Boer General Can Not Escape Pursuit—Botha Gets Away from Hamilton Just in the Nick of Time.

London, Jan. 14.—Perhaps the most important point in Kitchener's weekly report, dated Johannesburg, January 13, is the omission of all mention of General DeWet, from which it is deduced the British commander-in-chief is more than usually hopeful of effective results from the present effort to surround DeWet. Since the disaster at Zeefontein strong British columns have been persistently dogging DeWet's force, while armored trains have prevented him from crossing the railroad line and have forced him northward. Kitchener is supplying DeWet's pursuers with relays and remounts.

Kitchener also reports that since January 6, 20 Boers have been killed, 9 wounded and 23 captured and 95 surrendered.

He reports the narrow escape of General Botha from capture by General Bruce Hamilton. Hearing of the concentration of Boers at Knapdar, Bruce Hamilton went to the spot, but only to find the Boers had been given an alarm, and that 400 of them were trekking 3 miles distant with General Botha, in the lead. Bruce Hamilton chased the Boers for seven miles until his horses gave in and captured 32 Boers and quantities of ammunition and stock.

Two Committees Announced.

Washington, Jan. 14.—Before the house resumed debate on pensions appropriation bill today the speaker announced the appointment of Messrs. Stewart of New York and Livingston of Georgia as directors of Columbia hospital for women and Messrs. Russell of Connecticut and Lanham of Texas as directors of Columbian institution for instruction of the deaf and dumb. Both institutions are in the district of Columbia. The house then went into committee of the whole and resumed consideration of pension appropriation bill.

Patrick's Trial Postponed.

New York, Jan. 14.—Albert T. Patrick, who will be tried next week on the charge of murdering William Marsh Rice, was brought before Justice Beach in special term of the supreme court on an adjourned writ of habeas corpus obtained in December by his counsel. It was arranged that his trial would begin January 13, but was decided to postpone it until next Monday.

Narrow Escape from Fire.

Fort Worth, Tex., Jan. 14.—The old Tannery building burned to the ground here. The building was used as a rooming place for some 10 or 12 persons at the time. There were three or four narrow escapes. Dan Vaughn and a man named Wilson jumped from the upper story and both sustained broken legs. Firemen rescued a woman who was nearly suffocated when carried out.

Switchman Joyce Killed.

Fort Worth, Tex., Jan. 14.—During Monday night Pat Joyce, a switchman in the Texas and Pacific yards here, was run over by a switch engine and killed. He was riding on the switch board, transferring a trainload of oranges from the Texas and Pacific to the Rock Island yards when he fell off. He was horribly mangled, one arm and both legs being cut off.

Old Friend of the Family.

Chicago, Jan. 14.—In the body of Warren Lincoln Bethell, which has been lying in the county morgue for several days, County Commissioner Organ has identified the person of a former friend whose father is a wealthy manufacturer in Cincinnati. Gethell was at one time secretary of the Hussman Crucible company, with offices in the Monadnock building.

Prisoner Kidnaped.

Bristol, Tenn., Jan. 14.—Kidnappers entered the jail at Bristol, Va., Monday night and forcibly took Will King, a negro prisoner, across the state line into Tennessee, turning him over to a Bristol, Tennessee, policeman. King is charged with assaulting the 12-year-old son of O. V. Bunn. The negro received a knife wound in the face in resisting capture by the boy's father and others.

Case Taken Under Advisement.

and warehouse company of Fort Worth, which has been on trial in the district court, for violation of the anti-trust law and forfeiture of charter, was concluded and taken under advisement by the court.

Arbitration Agreed Upon.

Mexico City, Jan. 14.—The introduction of the compulsory plan of arbitration into the conference is agreed upon, only minor details remaining to be settled.

IN TROUBLE AGAIN.

Phillips, the Corn King, Embarrassed by a Sudden Call for Margins.

Chicago, Jan. 14.—Notice was posted at the opening of the board of trade today calling for the closing of all yesterday calling for the closing of all open deals with George H. Phillips, the former "Corn King." A heavy call for extra margins is said to have been the cause of the posting of the notice. Call was made Monday afternoon and Phillips and his staff worked all Monday night over the firm's books. The trouble is said to have been due to 3 1-2 cent break in rye Monday. Phillips is credited with holding a line of 1,500,000 bushels of this cereal mostly in May option. The break was caused by the sale of only 50,000 bushels. Phillips also has much May wheat. The effect of the notice posted by Secretary Stone was instantaneous, the whole list opening off sharply. Wheat opened 1 to 1 1-2 cents lower, corn 1-2 to 1 cent down, and oats nearly a cent depressed. Phillips could not be seen following the announcement of the closing of his deals, but members of his staff stated he was still in good condition. R. Hulbert, Phillips' office manager, declared it was the suddenness of the call for the extra 10 per cent margins which had embarrassed Phillips. He stated Phillips had traded but little on his own account, the grain for the most part belonging to customers. Later in the day Jacob Ringer, attorney for Phillips gave out a statement saying his client had been practically wiped off the financial slate. "He is broke," said Mr. Ringer. "Men whom he worked in former deals went after him and they 'got him.'"

BANKER UNDER ARREST.

He Is Charged With the Forgery of Notes and Stock.

Kansas City, Mo., Jan. 14.—J. P. Withers, former president of the American National Bank of Beaumont, Texas, is at the Midland hotel in the custody of a United States marshal, who placed him under arrest last Saturday upon a charge of forgery of about \$29,000 worth of notes and \$9000 worth of stock of the First National Bank of Howe. His arrest here was upon a warrant issued by the United States commissioner in Beaumont.

The arrest has been kept secret, because Withers has been trying to adjust matters at Beaumont by telegraph. Marshal Durham left town immediately after Withers' arrest for Joplin, where federal court is in session, his deputies taking the responsibility for keeping the arrest secret.

Mr. Withers' statement is as follows: "There is no shortage in the bank and the charges against me are merely technical. I organized the bank a year ago and was its president. We had some difficulty and I withdrew from the bank three weeks ago. Several months ago I had trouble with another banker who runs a bank in Sherman, Texas. He had it in for me for political reasons and I got a letter a few days ago informing me that the state bank examiner had been requested to make an examination of the affairs of the American National and that the investigation had been instituted by my enemies. I got telegrams from four directors of the bank, who tell me there is no shortage and they have the best of feeling towards me."

DRIFTED IN THE PACIFIC. DEMONSTRATED EVERREED.

Fisherman Picked up after Being on the Ocean for Seventeen Days.

Santa Barbara, Cal., Jan. 14.—Adrift on a capsized boat in the Pacific ocean, 17 days without food or drink was the terrible experience of Captain Harry Olsen and Pete Wallace, two crab fishermen, and but one lives to tell the story of their terrible sufferings. Olsen was picked up by Arthur Valdez, a fisherman, just beyond the Kelp off Goleta. He was more dead than alive, but was able to tell the wreck of his boat, the "Belle," a staunch gasoline schooner which he and Wallace used in cruising about the fishing grounds.

Olsen and Wallace were residents of San Pedro and left the port 17 days ago. While cruising several miles south of Santa Cruz island a heavy sea rose and capsized their craft. Clinging to the capsized boat, without food or water, they drifted, suffering tortures. On the fourteenth day Wallace's strength gave out and crazed and starving he slid off the boat and disappeared. For three days longer Olsen held on and was finally rescued half dead from exhaustion by Valdez. It is thought that he will recover from the effects of his terrible experience.

GRAHAM'S HISTORY.

Schley Says the Book Contains Facts of the Santiago Battle.

Savannah, Ga., Jan. 14.—When Rear Admiral Schley was questioned in reference to a statement of his indorsement of the forthcoming book on "Schley and Santiago," by George Ed Graham, he said:

"I have seen proofs of Graham's book. It is its author's book and was written at his own pleasure. My connection with it had to do only with reading over, at Graham's request, whatever in the book had reference to statements of fact. As regards the Santiago fight no one was better prepared to write a history of that battle than Graham. He was there in the thick of it. So far as reading the book was concerned, I passed only on its statements of fact. These statements are true. They make up the story of the fight as it occurred. As to Graham's object in writing the book, as to his championship of me, and as to his criticisms, I have nothing to do or say."

SHIPPERS' COMPRESS COMPANY'S CASE BEING HEARD ON MONDAY.

Austin, Jan. 14.—In the fifty-third district court Monday the case of the state vs. the Shippers Compress company, charged with violation of the anti-trust law in the purchase of competing compresses, was called. The demurrers were presented and argued by A. M. aCarter of Fort Worth and M. M. Crane of Dallas for the defendant and Attorney General Bell for the state. Judge Morris overruled defendant's exceptions to the state's petition and sustained the state's exceptions to the defendant's answer, wherein it was charged that other trusts and combinations exist in Texas. The case then came to trial on an agreed statement of facts, in which the compress company acknowledged to having purchased the several compresses. Attorney General Bell argued on behalf of the state, contending that the absorption by purchase of competing properties was in violation of the anti-trust law, in that it prevented competition.

Ex-Attorney General M. M. Crane spoke for the defendant, and insisted that the outright purchase of the compress property did not constitute a violation of the law. Numerous authorities were quoted on both sides.

Ex-Senator Carter will speak today for the defense. Attorneys Henry D. McDonald of Paris and R. S. Lovett of Houston were present, representing compress stockholders.

KILLED BY A POLICEMAN.

Alex and Lon Nelson Are Shot Down at Knoxville by Joe Cruze.

Knoxville, Tenn., Jan. 14.—While Policeman Joe Cruze was on his way home early Monday morning five shots were fired while he was nearing the corner of Cumberland avenue and Patton street. At the corner three men were standing, Lon and Alec Nelson and Os Ingle. Cruze accused them of doing the shooting, but they denied it. He placed Lon Nelson under arrest and the others interfered. Cruze drew his pistol and shot both the Nelsons and fired at Ingle. Alec Nelson died early in the afternoon as a result of his wound and Lon Nelson died within 20 feet of their home when shot. Cruze was arrested upon a charge of murder and is now at police headquarters.

An attempt to assassinate Cruze was made about one year ago and when the five shots were fired he thought he was being shot at. Both the Nelsons and Ingle were unarmed.

RICE WILL CASE.

Settlement Made With One of the Heirs to the Estate.

New York, Jan. 14.—An order signed by Surrogate Fitzgerald indicates that there may be a settlement made with the heirs of the late William Marsh Rice, the aged capitalist of Texas for whose alleged murder Albert T. Patrick an attorney is awaiting trial here. The order permitted Nina Belle Rice, grandniece of the deceased, to withdraw her opposition to the probate of the will of 1896 known as the Baker will on receipt of \$75,000. Reason for the supposed settlement was said to be found in the belief that the so-called Patrick will which made the alleged murderer residuary legatee, would fail, and that the will of 1896 creating the Rice Institute in Texas would stand.

A MINE ON FIRE.

Four Bodies Recovered and More Believed to Be in the Mine.

Hartshorne, I. T., Jan. 14.—A fire broke out in the New Slips No. 7 at Dow coal mine, one of the principal tributaries of the Choctaw Coal system, Monday afternoon. At 8 o'clock Monday night four bodies had been brought to the surface. Ten more men are probably in the mine. Relief has been sent from this place.

Skeleton in a Sack.

Eagle Pass, Tex., Jan. 14.—A sack containing almost the complete skeleton of a boy about 15 years of age was found Sunday in a gully half a mile above town by a boy while gathering wood. Physicians think the boy must have been dead over two years, but the bones had recently been put in the sack. There was nothing by which to identify the bones and no boy has been missing here in that time.

Tramps Almost Drowned.

Lake Charles, La., Jan. 14.—By the pulling out of a drawhead while crossing the trestle two cars of an east-bound Southern Pacific fast freight were knocked into the lake. Two tramps who were in the cars were almost drowned before they were rescued. One of them, Henry Aardett, was probably fatally injured and was sent to the hospital at New Orleans.

Another Rice Mill.

Jennings, La., Jan. 14.—Another large rice mill has been planned to be built at Roanoke. The Jennings rice mills have increased their capacity to 100,000 barrels and will erect at branch mill at Roanoke. The building will be started in about 30 days, or as soon as the material can be placed on the ground.

A New Industry.

Hillsboro, Tex., Jan. 14.—A new industry is reported from Whitney. It is that of shipping cottonwood timber to Waco, where it is converted into excelsior. Two carloads have already been shipped. There is an abundance of cottonwood near Whitney.

DRIFTED IN THE PACIFIC.

Fisherman Picked up after Being on the Ocean for Seventeen Days.

Santa Barbara, Cal., Jan. 14.—Adrift on a capsized boat in the Pacific ocean, 17 days without food or drink was the terrible experience of Captain Harry Olsen and Pete Wallace, two crab fishermen, and but one lives to tell the story of their terrible sufferings. Olsen was picked up by Arthur Valdez, a fisherman, just beyond the Kelp off Goleta. He was more dead than alive, but was able to tell the wreck of his boat, the "Belle," a staunch gasoline schooner which he and Wallace used in cruising about the fishing grounds.

Olsen and Wallace were residents of San Pedro and left the port 17 days ago. While cruising several miles south of Santa Cruz island a heavy sea rose and capsized their craft. Clinging to the capsized boat, without food or water, they drifted, suffering tortures. On the fourteenth day Wallace's strength gave out and he died of starvation. For three days longer Olsen held on and was finally rescued half dead from exhaustion by Valdez. It is thought that he will recover from the effects of his terrible experience.

GRAHAM'S HISTORY.

Schley Says the Book Contains Facts of the Santiago Battle.

Savannah, Ga., Jan. 14.—When Rear Admiral Schley was questioned in reference to a statement of his indorsement of the forthcoming book on "Schley and Santiago," by George Ed Graham, he said:

"I have seen proofs of Graham's book. It is its author's book and was written at his own pleasure. My connection with it had to do only with reading over, at Graham's request, whatever in the book had reference to statements of fact. As regards the Santiago fight no one was better prepared to write a history of that battle than Graham. He was there in the thick of it. So far as reading the book was concerned, I passed only on its statements of fact. These statements are true. They make up the story of the fight as it occurred. As to Graham's object in writing the book, as to his championship of me, and as to his criticisms, I have nothing to do or say."

One of the prominent theatrical productions to be given at the Grand opera house this season is David Belasco's famous farce comedy—“Naughty Anthony”—which comes here for next Saturday evening. Theater-goers who love a good, hearty laugh will find ample opportunities to indulge their risibilities in the performance of this comedy. “Naughty Anthony” comes with the stamp of New York success, its production and long run at the Herald Square theater in that city having given it a prestige second to no comedy ever brought out in the metropolis. The fun starts at the rise of the curtain and continues through three merry acts, right up to the famous stock-exchange scene. The part of “Cora,” the female drummer, will be played by pretty Marie Doré—Anna Held's only rival—whose singing of popular songs has made her famous. She is acknowledged to be the prettiest and daintiest comedienne on the American stage. Her singing and dancing was the delight of New York theater-goers. All the new songs and many new dances are introduced in “Naughty Anthony.” 35

ROBBED A POOL ROOM

Two Men Secure a Good Sum and Make Their Escape.

A THIRD IMPLICATED

While the Day's Receipts Were Being Counted the Men Entered, Stood All the Inmates Off, Took the Cash and Vanished.

Kansas City, Jan. 14.—Two young men of slight build, with handkerchiefs tied across the lower portion of their faces, entered Harry B. Chick's pool room, in the center of the city, Monday night, and with drawn revolvers commanded the proprietor, cashier and three other employees who were in the place to lie down on the floor. They then secured between \$1500 and \$2500 and escaped. A third man, supposed to be a confederate, but not masked, guarded the entrance while the robbery was committed.

Jimmy Driscoll, an employee who did not readily comply with the command to lie down, received a heavy blow on the head with a revolver from one robber. J. A. Frame, the cashier, also received a slight blow on the head.

A better time for the robbery could not have been chosen. The proprietor and his assistants were counting the money that had been received during the day, and as betting on the last races of the day ceases about 6:30 p. m., only the employees remained.

INCREASE IN POPULATION.

The South Increased and the North and West Decreased.

Washington, Jan. 14.—The director of the census announced the percentage of increase of population in different parts of the country, showing for the last decade a rapid decrease from the previous rate of growth of population in the west, a less marked, but decided decrease in the north and a slight increase in the south.

For the first time in the history of this country the population of the south as increased more rapidly than that of the north.

The west, from the Pacific to the eastern boundary of Montana, Wyoming, Colorado and New Mexico; north and south, the respective lines of a line formed by the Potomac and Ohio rivers and the southern boundaries of Missouri and Kansas.

The percentage of increase from 1860 to 1880 was 61.9 in the north, 48.4

in the south and 185.6 in the west, while in the last 20 years, 1880-1900, it was 48.7 in the north, 48 in the south and 131.5 in the west.

Prior to the civil war the northern states nearly doubled in population with each 20 years while to the southern states the increase of population was only about two-thirds as great.

For Government of Indians.

Washington, Jan. 14.—Representative Curtis of Kansas has introduced a bill giving territorial organization to the Indian Territory, providing for the appointment by the president of a governor and secretary of state and the election of a delegate to congress, legislature and other offices by vote of the people. Under the provisions of the bill the governor of the territory becomes ex-officio chairman of the Dawes commission. The bill is well regarded by members of the committee on Indian affairs.

Neck Broken in a Fall.

Bowie, Tex., Jan. 14.—While leaning over the railing of a balcony, coughing, W. O. Carpenter, a railroad man, lost his balance, and falling to the ground broke his neck. Carpenter, who had lived here only three months, boarded at the Denver house. He was on the balcony, and complained of being ill. During a coughing fit he went to the railing, and before any one had warning toppled over. He was dead when picked up. He was about 50 years of age. He has a brother, L. R. Carpenter, living at Lampasas.

Woman Fatally Burned.

Cleburne, Tex., Jan. 14.—While standing near the fire at her country residence near here Mrs. P. Hart accidentally fell in or close enough for the flames to ignite her clothing, and she was fatally burned. Members of the family in an adjoining room rushed to her assistance, but not in time to save her.

Execution of Foutz.

NEW DEPARTMENT.

Senator Nelson Calls up His Bill, but it Goes Over.

Washington, Jan. 14.—Mr. Nelson of Minnesota, called up Monday the bill providing for the establishment of a department of commerce. He explained the necessity which he said existed for the passage of such a measure and was plying with questions by several senators who said that sufficient time had not been allowed for looking into the merits of the measure.

Mr. Teller criticised that feature relating to the transfer of the geological survey, while Mr. Hale said that the bill provided for a department which ultimately would be one of the largest in the government. The bill finally went over, subject to call by Mr. Nelson.

The house of representatives spent the day in general discussion of the pension appropriation bill, the first of the annual budgets. The debate took a wide range. Mr. Grosvenor of Ohio, and Mr. Hepburn of Iowa, denounced a report presented to the last Grand Army of Republic's encampment criticising the course of themselves and other members of congress on the veteran "preference" bill, which was defeated at the last session. They explained that their opposition to the bill was due to the incorporation in the bill of a clause which had not been endorsed by the Grand Army of Republic placing veterans of the Spanish war in the preferential class.

Mr. Roney, of Virginia, caused something of a stir on the Democratic side by advancing a proposition to open the doors of national soldiers homes to ex-Confederates and to furnish Federal aid to state Confederate homes.

Mr. Richardson of Alabama, was the only Democrat who joined Mr. Rixey in support of it.

Investigating Panama Offer.

Washington, Jan. 14.—The senate committee on inter-oceanic canals held a session Monday and M. Lampre of the Panama Canal company was again before it. Senator Morgan questioned him very closely and at length going over the examination of Saturday, but not bringing out any new facts of special importance.

Conduct of Philippine War.

Washington, Jan. 14.—Mr. Hoar in the senate Monday introduced a resolution providing for the appointment of a committee of seven senators to examine into the conduct of the war in the Philippines, the administration of government there and the condition and character of inhabitants, said committee to have power to send for persons and papers, to administer oaths and sit during the sessions of the senate.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

ROBBED A POOL ROOM

Two Men Secure a Good Sum and Make Their Escape.

A THIRD IMPLICATED

While the Day's Receipts Were Being Counted the Men Entered, Stood All the Inmates Off, Took the Cash and Vanished.

Kansas City, Jan. 14.—Two young men of slight build, with handkerchiefs tied across the lower portion of their faces, entered Harry B. Chick's pool room, in the center of the city, Monday night, and with drawn revolvers commanded the proprietor, cashier and three other employees who were in the place to lie down on the floor. They then secured between \$1500 and \$2500 and escaped. A third man, supposed to be a confederate, but not masked, guarded the entrance while the robbery was committed.

Jimmy Driscoll, an employee who did not readily comply with the command to lie down, received a heavy blow on the head with a revolver from one robber. J. A. Frame, the cashier, also received a slight blow on the head.

A better time for the robbery could not have been chosen. The proprietor and his assistants were counting the money that had been received during the day, and as betting on the last races of the day ceases about 6:30 p. m., only the employees remained.

INCREASE IN POPULATION.

The South Increased and the North and West Decreased.

Washington, Jan. 14.—The director of the census announced the percentage of increase of population in different parts of the country, showing for the last decade a rapid decrease from the previous rate of growth of population in the west, a less marked, but decided decrease in the north and a slight increase in the south.

For the first time in the history of this country the population of the south as increased more rapidly than that of the north.

The west, from the Pacific to the eastern boundary of Montana, Wyoming, Colorado and New Mexico; north and south, the respective lines of a line formed by the Potomac and Ohio rivers and the southern boundaries of Missouri and Kansas.

The percentage of increase from 1880 to 1890 was 61.9 in the north, 48.4

in the south and 185.6 in the west, while in the last 20 years, 1880-1900, it was 48.7 in the north, 48 in the south and 131.5 in the west.

Prior to the civil war the northern states nearly doubled in population with each 20 years while to the southern states the increase of population was only about two-thirds as great.

For Government of Indians.

Washington, Jan. 14.—Representative Curtis of Kansas has introduced a bill giving territorial organization to the Indian Territory, providing for the appointment by the president of a governor and secretary of state and the election of a delegate to congress, legislature and other offices by vote of the people. Under the provisions of the bill the governor of the territory becomes ex-officio chairman of the Dawes commission. The bill is well regarded by members of the committee on Indian affairs.

Neck Broken in a Fall.

Bowie, Tex., Jan. 14.—While leaning over the railing of a balcony, coughing, W. O. Carpenter, a railroad man, lost his balance, and falling to the ground broke his neck. Carpenter, who had lived here only three months, boarded at the Denver house. He was on the balcony, and complained of being ill. During a coughing fit he went to the railing, and before any one had warning toppled over. He was dead when picked up. He was about 50 years of age. He has a brother, L. R. Carpenter, living at Lampasas.

Woman Fatally Burned.

Cleburne, Tex., Jan. 14.—While standing near the fire at her country residence near here Mrs. P. H. Hart accidentally fell in or close enough for the flames to ignite her clothing, and she was fatally burned. Members of the family in an adjoining room rushed to her assistance, but not in time to save her.
